

BS EN 14065 INTERNAL AUDITOR TRAINING COURSE

Online **13 MARCH 2023**

If you are operating your laundry to a Risk Analysis Bio-contamination Control system, or developing one at the moment, this training is not to be missed!

OVERVIEW

We are delighted to be offering our first ever internal audit training in partnership with Centre for Assessments. The aim of the course is to provide the attendees with comprehensive knowledge of the BS EN 14065 Standard – good enough to develop them in to in-house auditors for this important healthcare and high-care food standard. The delivery of this course is designed to provide relevant auditing techniques and tools for your RABC and HACCP teams to use for years to come.

This course will be held online via Microsoft Teams. An invite will be sent with the links to join.

WHO SHOULD JOIN

RABC team members (current or under development), Quality and Production Teams.

TIME

9am-5pm (including breaks & assessments).

MAIN TOPICS COVERED

- BS EN 14065 (standard requirements and evidence for each clause)
- Hints and tips for auditing
- Management overview (who/when)
- How to go about auditing
- Terminology (shall, must, could, can)
- Findings (observations, major and minor non-compliance)
- Planning
- Gathering evidence
- Records and notes
- Reviewing evidence
- Summary and reporting
- Preparing for the external audit days

COSTS

Training costs £200 for TSA members and £400 for non-members.
