

HEALTH & SAFETY DAY

Wokingham 11 MARCH 2025

TSA is delighted to host a day entirely dedicated to exploring some of the new developments, guidance, resources and panel discussions that specifically applies to our industry. As the industry is preparing to sign up to more established schemes such as Primary Authority Partnership on fire safety and revised BS EN ISO standards that apply to machinery safety, there will be key takeaways for everyone.

OVERVIEW

Health and safety is a subject that deserves meaningful collaboration as an industry to address various important topics such as fire safety, machinery safety and manual handling in the laundry industry.

Led by TSA's Health & Safety Steering Group, we will focus on how the industry's health and safety data can help shape a safer industry and the need for raising the bar in terms of standards and best practices.

TIME & LOCATION

The event takes place from 10:30am - 3:30pm at DoubleTree by Hilton St. Anne's Manor, London Rd, Wokingham, RG40 1ST. Onsite parking available. Accommodation must be booked directly with the hotel.

COSTS

The day costs £120+VAT pp for members, £240+VAT for non-members. Lunch included.

WHO SHOULD ATTEND

This is aimed at owners and directors, H&S managers, engineering teams, general managers, purchasing teams, equipment manufacturers, installers and maintenance suppliers.

MAIN TOPICS COVERED

You can expect engaging and exciting programme with key topics including:

- Launch of industry CoP on fire prevention and formation of Primary Authority Partnership
- Slip, Trip and Fall - Guest Speaker, Christian Harris
- Equipping the laundries to procure and manage safe machinery
- Break out sessions on implementing machinery safety guidance and procurement of machinery
- Impact of staff wellbeing on health and safety, - Guest Speaker, Adrian Thomas
