Servisure's Support for Ukraine: Delivering Essential Gear for Search and Rescue Operations.

Matthew Kerry Director of Servisure Ltd, part of the Isa Lea Group, based in Buckley, Wales has taken a meaningful step to support the people of Ukraine by assembling a vital care package. This package includes high-visibility workwear specifically designed for search and rescue operations, ensuring that those on the front lines can perform their duties safely and effectively.

In addition to the high-visibility gear, the care package also contains a range of polo shirts, sweatshirts, and other essential garments intended for both civilian use and members of the armed forces. These items aim to provide comfort, functionality, and a sense of normalcy amidst challenging circumstances.

At Servisure, we believe in standing in solidarity with those affected by conflict and crisis. Our contribution reflects our commitment to supporting humanitarian efforts and providing practical assistance wherever possible.
