

# WE NEED YOU!

TO HELP CHAMPION THE FUTURE OF THE INDUSTRY

## Independent End-point Assessor: Textile Care Operative

The **Textile Care Operative Apprenticeship**, which is our industry specific standard, is facing a lack of independent end point assessors (IEPA) so we are reaching out to the wider laundry community to ask for your help and commitment to supporting those starting out in their careers.

**Skills and Education Group** are looking to recruit at least one additional IEPA as soon as possible. Please get in touch with us if you have:

- relevant experience of working in the textile care sector, in a managerial or consultative capacity
- maintained active involvement in the industry within the last five years.

## Can you help?

Skills & Education Group are currently recruiting independent end-point assessors (IEPAs) on a flexible, self-employed basis. As an IEPA you would be responsible for carrying out end-point assessment activities under the conditions, timescales and arrangements set in accordance with the assessment plan for the apprenticeship standard.

This role provides an excellent opportunity for you to develop your skills as an end-point assessor and to provide an important contribution to the delivery of quality apprenticeship standards for our sector.
