

AUTUMN CONFERENCE

21-22 October 2025

Hilton St George's Park, Burton Upon Trent

PROGRAMME

THE EVENT

The Autumn Conference is again at St George's Park!

Designed to appeal to all management teams it will provide you with the latest news and key topics facing the industry. The conference is a celebration of your hard work and following the feedback received, a slightly tweaked format will be followed this year, with various Learning Sessions to kick start the event. We will then finish the first day with an industry dinner. The second day will then be the more traditional conference programme with excellent keynote speakers and industry specific papers.

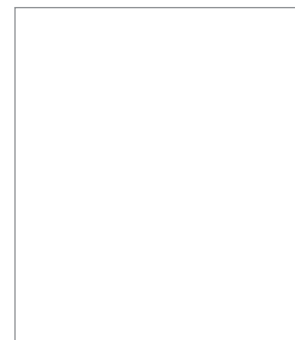

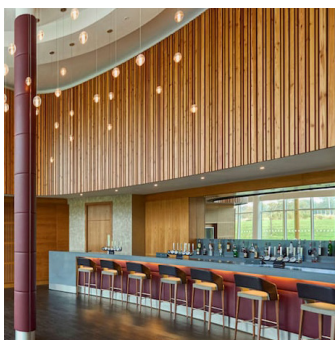

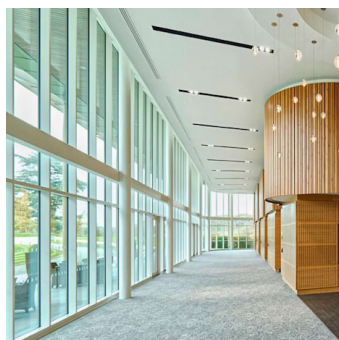

It will be great to see you all there and welcome you to the Conference - The TSA Team!

THE HOTEL

This year's Autumn Conference returns to the four-star flagship Hotel within the immaculate grounds of the National Football Centre, Hilton at St George's Park. As well as being a home from home for each of the 28 England national football teams, Hilton at St. George's Park is fully open to the general public and, set in the heart of the National Forest, is the perfect destination hotel for our Autumn Conference.

Centrally located in the country and easily accessible by road, rail and air, the hotel features a spa, an indoor pool with sauna and steam room, and a fitness centre. Stylish, innovative and elegantly designed guest rooms include air-con, high-speed internet, flat-screen TVs, minibridges, plus tea and coffee-making facilities.

To find out more information please contact the hotel directly.

If you have any issues or queries at all during the Conference, please do not hesitate to approach any of the TSA team - we're here to help!

THE KEY SPEAKERS

Linda Plant is a force to be reckoned with. A cult figure from her nine years on *The Apprentice*, Linda has terrified interviewees and captivated audiences alike. Leaving school at 15, she went from humble beginnings on a market stall to launching the international knitwear brand and becoming one of the first women to float a fashion company on the London Stock Market. A true trailblazer, she's held executive roles that would make most entrepreneurs sick with envy, building and running successful companies across multiple industries. Since 2015, on BBC One's *The Apprentice*, she advises Lord Sugar and grills the candidates. Her unstoppable passion for business and entrepreneurship has earned her multiple awards and she's a revered judge and panellist for top female entrepreneurs on HSBC's Panel of Forward Ladies and a Prince's Trust Mentor.

TJ Power is the lead neuroscientist at the DOSE Lab and a bestselling author. He created the DOSE® framework (Dopamine, Oxytocin, Serotonin, Endorphins), and his research lab investigates how our modern, sedentary, digital lifestyles are shaping our biochemistry. TJ has captivated audiences worldwide, working with major corporations, health services and millions through social media with over 800k followers. He has delivered 550+ live experiences at institutions such as Oxford University, Amazon and the NHS, training over 75k people in the process. He is a globally respected neuroscience educator and the go-to authority for unlocking human potential in the digital age. Also a co-founder of a trailblazing organization in the mental health sector, his work focuses on providing scientific teachings that empower people to take action towards healthier lifestyles.

David Pool is a Computer scientist with specialisation in AI, Machine Learning & data Science and has built a number of AI start-ups which have been acquired by organisations such as Apple and Accenture. David is a regular speaker on AI and how organisations can transform to become 'Data and AI first'. Humans evolve over evolutionary time, whilst AI is evolving in ever-accelerating digital time. David investigates what this means for organisations and workers as AI and automation evolves to perform more complex cognitive tasks and how we can learn how to manage complex and accelerated learning and apply this for benefit.

Dr Olga Franczak is an experienced anti-discrimination practitioner. She helps organisations unlock the power of inclusion to achieve their business and social goals. Olga works as an Equality, Diversity and Inclusion (EDI) Lead for Recruitment and Employment Confederation supporting thousands of recruitment businesses across the UK. Olga is passionate about tackling the root causes of discrimination – stereotypes and bias. She received a PhD on how gender stereotypes impact human rights and how to draft more effective instruments to address that. Her experience includes long term work with survivors of hate crimes and gender-based violence.

Arthur Linssen is Director of FTN (Federatie Textielbeheer Nederland), the Trade Association of Dutch Textile Services Companies. In this role, he leads the organisation's secretariat and represents the industry in various advisory and policy forums. These include the Circular Economy Network of the Ministry of Infrastructure and Water Management, the national employers' association and the European Textile Services Association (ETSA). He also holds directorships at the Dutch Dry Cleaning Association (Netex) and the Suppliers' Association (Vematex). Arthur has accumulated extensive experience as a business strategy consultant and commercial manager.
