

TSA 'ON THE ROAD'

Turn over to
book your **free**
spaces and see
when we might
be in **your**
area!

We're hitting the road and spreading the
word by hosting some Open Evenings
throughout the year, and...

you're invited!

Be part of the laundry industry conversation.

Come meet the team and other leading laundries, discuss how to realign your business model post-Covid, improve profit, and see what your Trade Association can do for you.

We're better together.

We've learned a lot about what the industry needs, how to realign, understand and improve the model. Profitability and surviving are now real challenges - we all need more robust business models. This is a great opportunity to meet the TSA team and network with some of your local laundries. **Let's have the conversation.**
