\* Please note the previously used index for Energy, Table 3.3.2 (Fuel price indices for the industrial sector) is no longer included within the Quarterly Energy Prices publication and therefore it has been replaced by Table 3.1.1 (Average prices of fuels purchased by the manufacturing industry). This replacement took place in Textile Services Cost Index: 2021/2022 FYQ1.

\*\* Please note that the ONS has not released numbers for “Textiles” or for “Transport Other” for this quarter and the TSA has therefore included these index numbers with no growth since the ONS January numbers and this means that the LCI will be understated in this quarter.
